Profile

Aspiring Web Developer with a solid foundation in front-end technologies including HTML, CSS, and JavaScript, and a growing proficiency in UI/UX design using tools like Figma. Passionate about building responsive, user-friendly websites and exploring modern frameworks such as React and Tailwind CSS. Currently expanding skills in backend development with Node.js and Express.js, and integrating cloud-based databases like Firebase and MongoDB. Known for a proactive learning approach, creative problem-solving, and a keen eye for design. Eager to contribute to real-world projects and gain hands-on experience through internships and collaborative development.
